Fundamental Right

A patient in a medical emergency should get the best emergency care possible.

Society for Emergency Medicine India

08 May 1999

Conducted the 1st National Conference in Emergency Medicine at Hyderabad.

SEMI gave its first recommendation to MCI to start EM.

1999-2009

- □ 1yr − 3yr training programs
- International collaborations
- CMEs and conferences
- 108 emergency number
- Ambulance paramedic training
- Independent organizations
- An EM community formed.

Many doctors like EM because...

Every case is unpredictable.

Every case is different.
